

ERNST – PRESS RELEASE

Now competing: premium silencers for the „French“

Hagen, 15 April 2004 – The demand was strong, and this is our response: from now on, ERNST offers silencers for French vehicles.

ERNST takes the start with genuine winners for the Peugeot 106, 205 and 206, Renault Twingo and Clio, and the Citroen Saxo. This means that, from launch, every third French vehicle in the German market now can be repaired with premium silencers from ERNST – made in Germany and available from stock. Great prospects for satisfied customers!
